I edited the first line to the attachment to clarify that I think this need to come from Jeaneanne (i.e., the same level of management for transmitting the BE). Also, we should check with Jeaneanne whether she is OK with an email, or whether she'd prefer to issue this in a letter. I think the content is the same either way. We can check with her during this afternoon's meeting.

Just wanted to make sure where we stood on this? Kathy asked for an update on the call today and Michael just called me saying he'd not seen any more conversation after this email. Was there any more discussion?

Alexis,

The email expanded a little in the back and forth yesterday. I think it answers the NMFS April 15, 2020 letter and wraps

Apologies for the fragmented editing, everyone, but I just caught a mistake that I introduced. The December 13th letter was to DOC and DOI, not the Services. Edited again.

I've made some edits. The description of the December letters is a little tricky – I've explained in the comment bubble. Looping in Kelly, too – please keep him in the loop on all things assumption.

The draft email looks good but I had a few edits. I don't have a copy of our December 15 letter to NMFS so one of my edits may not apply depending on what that letter says.

Thanks,

Matt

Attached is my draft email in reply to NMFS. Technically this may be redundant, but it closes the loop. Feel free to make any edits you deem necessary. Thanks.
